Title: Obtaining normal disomic stem cells from chromosomally abnormal embryos

Pro Se Inventor Santiago Munne, Applicant Hereby Petitions For Revival of Application 10/625,100 Titled: Obtaining normal disomic stem cells from chromosomally abnormal embryos and Abandoned on May 30,2006.

Dear Sirs,

I enclose a check for \$750.00 for a small entity to the commissioner of patents.

I enclose a check for \$65.00 for a completed New Oath and Declaration SB0001 formsubmitted after filing.

I enclose a completed Change of Address form SB0122.

I, also, enclose the Reply to the First Office Action, which unintentional delay was responsible for the Abandonment of this Application.

I, hereby, affirm that the entire delay was unintentional. The reason was that I was moving and the U.S.Postal Service only uses the forwarding address for six month, and you sent the correspondence to my old address more than six month after the move, therefore, no mail from the USPTO was received. I never received the First Office Action and, therefore, was not able to reply in time.

Your consideration for my petition and desire to revive my application is appreciated.

Sincerely,

Dr. Santiago Munne, Pro Se Inventor
